OUR STORY

Founded in 2013 by a group of eight investors, Bhoomi Investments manages over 130,000 sq ft of properties, transforming a \$400k initial investment into approximately \$2.2 million portfolio through deep market insight and commitment.

3 WAYS YOUR MONEY GROWS

1. Rental Income: As Bhoomi generates rental income from our portfolio properties, a portion of that income is re-evaluated annually and re-invested in new portfolios.

2. Capital Gains: When we sell a property for more than its purchase price, the profits are reinvested into the main fund for growth.

3. Property Value Appreciation: As the value of our properties increases over time, so does the value of your investment.
